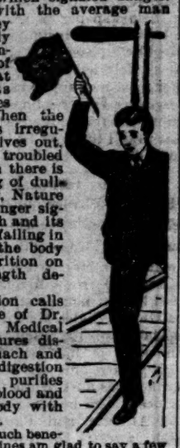
DANGER SIGNALS.



No engineer would be mad enough to run by the flag which signaled danger. It is different with the average man or woman. They attempt constantly to run by the danger signals of Nature and that attempt costs thousands of lives every year. When the appetite becomes irregular or entirely gives out, when sleep is troubled and broken, when there is a constant feeling of dullness and languor, Nature is hoisting the danger signal. The stomach and its allied organs are failing in their work and the body is losing the nutrition on which its strength depends.

Such a condition calls for a prompt use of Dr. Pierce's Golden Medical Discovery. It cures diseases of the stomach and other organs of digestion and nutrition, purifies and enriches the blood and builds up the body with sound, solid flesh.

"I have had so much benefit from your medicines am glad to say a few words that you may use for publication," writes Mrs. J. R. Downes, Crystal Lake, Conn. "Had been troubled with a complication of diseases for over two years, but kidneys and liver bothered me most. Some of my worst ailments were headache, frequent pains around heart and under right shoulder-blade. My hands and feet were cold nearly all the time, and I had such chilliness between shoulders. Some days cared but little for food; I lost flesh; felt so tired and miserable it seemed I couldn't do any housework. Took medicine from my physician, but received no benefit. Bought a bottle of 'Golden Medical Discovery,' and after taking it I felt so much better we determined to give it a fair trial. Appetite soon improved and gradually the disorders disappeared until now I am well."

YOUR HAT

May Be a Stylish One, But It Makes Trouble.

A man usually buys a hat that's "in style," but the modern hat for men has lots to answer for.

Baldheads are growing more numerous every day. Hats make excellent breeding places for the parasitic germs which sap the life from the roots of the hair.

When your hair begins to fall out and your scalp is full of Dandruff it is a sure sign that these countless germs are busily at work.

There is but one way to overcome the trouble and kill the germs—that way is to apply Newbro's Herpicide to the scalp—it will kill the germs and healthy hair is sure to result.

Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

GRIDIRON CLUB DINNER.

The Gridiron Club celebrated its twentieth anniversary Saturday night at the New Willard, in Washington, with a dinner, attended by 250 guests, including the President, members of his official family, representatives of the courts, the Senate and House and the army and navy as well as men of prominence in the literary, social and business world.

While the anniversary was recognized in making Major John M. Carson president of the club and in the production of a souvenir which told the story of a score of years of successful dining, the dinner, like all others of this famous organization of Washington correspondents, dealt with events which were treated with the usual levity and burlesque and satirized, while the prominent guests were roasted in the good natured and witty way that makes gridiron dinners so enjoyable.

The presence of Mr. Roosevelt afforded an opportunity to make many pointed allusions to doings of the administration and views of the Chief Magistrate. The inauguration of Major Carson as president, with a Rough Rider accompaniment and a reference to the charge of the President's regiment at Santiago, was managed by a khaki clothed band, which played "There'll Be a Hot Time in the Old Town Tonight."

The pending impeachment proceedings in Congress were satirized by having all the Senators present "not under indictment" sit in a trial of Speaker Cannon, who was charged with eight counts, among which were that the Speaker had refused to comply with the anti-smoke ordinance; that he insisted that the House was a co-ordinate branch of the government to the mental anguish of many Senators; that he had with scorn refused the vice-presidency; thus thrusting upon the country Charles W. Fairbanks; and that he had been guilty of pushing in too many chips on a bob-tailed flush and was caught in the act. The Speaker notwithstanding his plea was adjudged guilty and Senator Gorman pronounced sentence.

"Frenzied Finance" the was theme of a pretentious skit which burlesqued some late events in banking, brokerage and railroading and introduced "Colonel Bill Greene." "Tom Lawson" and "Mrs. Cassie Chadwick" who were portrayed by members of the club.

Among the many bright things in the dialogue were hits on many of the guests about the tables. There was a controversy as to who was the "original Roosevelt man" and verses of poetry were recited alleged to have been written by the several different men asserting that they were the "original." The list included Senators Lodge, Foraker, Beveridge and Scott and Indian Commissioner Leupp. Major Carson rejected all their claims and introduced the President of the United States as the "original Roosevelt man," who responded in a neat speech.

Topical songs were merry with the names of several guests including the President, Senators Knox, Kearns and Mr. Bryan, the song for the Nebraska man declaring that he was "the only man who could lead the democratic band." Mr. Bryan was then introduced to speak.

John S. Wise, of New York, made one of his "spell-binding" speeches, which was made the topic of a controversy as to whether he had not hypnotized his audience and to prove that hynotism was something tangible, one member operated on two others who were told that they represented different guests at the dinner. One member was told he was Justice Brewer and immediately began to deliver anopinion of the Supreme Court, which was too complex to be understood. The other was told he was Whitelaw Reid as ambassador to Great Britain, and began making a "hands across the sea" speech. One, when told that he was Senator Fairbanks and asked to make a direct statement, balked, as did the other when told he was Senator Depew, and instructed to tell a new story.

By a speaking tube, supposed to connect with the lobby of the hotel, many interesting bits of information were transmitted through a member of the club. The suggestion was made that there should be a joint debate between the President and Mr. Bryan.

"What's the use?" was the answer, "they are both on the same side."

Senator Lodge, who is known as a close friend of the President, was notified that proofs of his latest work were below entitled "Tribulations of a Bosom Friend." The audience was then told that J. H. Maddy, who left the Baltimore and Ohio Railroad to go with the Erie, had been presented with a loving cup by his friends, which was inscribed: "From Bad to Worse." Query was made whether the power plant is violating the smoke nuisance ordinance in Washington and the drawer was: "No, sir; President Roosevelt is here, and you bet your life they are not smoking."

OPERATIONS AVOIDED

Two Grateful Letters from Women Who Avoided Serious Operations.—Many Women Suffering from Like Conditions Will Be Interested.

When a physician tells a woman, suffering from ovarian or womb trouble, that an operation is necessary it, of course, frightens her.

The very thought of the operating table and the knife strikes terror to her heart. As one woman expressed it, when told by her physician that she must undergo an operation, she felt that her death knell had sounded.

Our hospitals are full of women who are there for ovarian or womb operations!

It is quite true that these troubles may reach a stage where an operation is the only resource, but such cases are much rarer than is generally supposed, because a great many women have been cured by Lydia E. Pinkham's Vegetable Compound after the doctors had said an operation must be performed. In fact, up to the point where the knife must be used to secure instant relief, this medicine is certain to help.

The strongest and most grateful statements possible to make come from women who, by taking Lydia E. Pinkham's Vegetable Compound, have escaped serious operations.

Margrite Ryan, Treasurer of St. Andrew's Society, Hotel English, Indianapolis, Ind., writes of her cure as follows:

Dear Mrs. Pinkham:—

"I cannot find words to express my thanks for the good Lydia E. Pinkham's Vegetable Compound did me. The doctor said I could not get well unless I had an operation for ovarian and female troubles. I knew I could not stand the strain of an operation and made up my mind I would be an invalid for life. Hearing how Lydia E. Pinkham's Vegetable Compound had saved other women from serious operations I decided to try it, and in less than four months I was entirely cured; and words fail to express my thankfulness."

Miss Margret Merkley of 375 3d Street, Milwaukee, Wis., writes:

Dear Mrs. Pinkham:—

"Loss of strength, extreme nervousness, severe shooting pains through the pelvic organs, cramps, bearing down pains and extreme irritation compelled me to seek medical advice. The doctor, after making an examination, said that I had ovarian trouble and ulceration, and advised an operation as my only hope. To this I strongly objected—and I decided as a last resort to try Lydia E. Pinkham's Vegetable Compound.

"To my surprise the ulceration healed, all the bad symptoms disappeared, and I am once more strong, vigorous and well; and I cannot express my thanks for what it has done for me."

Ovarian and womb troubles are steadily on the increase among women—and before submitting to an operation every woman should try Lydia E. Pinkham's Vegetable Compound, and write Mrs. Pinkham at Lynn, Mass. for advice.

For thirty years Lydia E. Pinkham's Vegetable Compound has been curing the worst forms of female complaints, all ovarian troubles, inflammation, ulceration, falling and displacement of the womb, leucorrhœa, irregularities, indigestion and nervous prostration. Any woman who could read the many grateful letters on file in Mrs. Pinkham's office would be convinced of the efficiency of her advice and Lydia E. Pinkham's Vegetable Compound.

Ask Mrs. Pinkham's Advice—A Woman Best Understands a Woman's Ills.

Night Was Her Terror.

"I would cough nearly all night long," writes Mrs Chas. Applegate, of Alexandria, Ind., "and could hardly get any sleep. I had consumption so bad that if I walked a block I would cough frightfully and spit blood, but when all other medicines failed, three $1 bottles of Dr. King's New Discovery wholly cured me and I gained 58 pounds. It's absolutely guaranteed to cure Coughs, Colds, La Grippe, Bronchitis and all Throat and Lung Troubles. Price 50c and $1. Trial bottle free at E. S. Leadbeater & Son's drug store.

Tonic to the System.

For liver troubles and constipation there is nothing better than DeWitt's Little Early Risers, the famous little Pills. They do not weaken the stomach. Their action upon the system is mild, pleasant and harmless. Bob Moore, of LaFayette, Ind., says: "No use talking, DeWitt's Little Early Risers do their work. All other pills I have used gripe and make me sick in the stomach and never cured me. Dewitt's Little Early Risers proved to be the long sought relief. They are simply perfect." Persons traveling find Little Early Risers the most reliable remedy to carry with them. Sold by all druggists.

NEW BUCKWHEAT—4,000 pounds fresh ground 1904 Buckwheat just received by J. C. MILBURN.

Alexandria Gazette
SIC SEMPER TYRANNIS
AND VIRGINIA ADVERTISER

MONDAY EVENING, JAN. 30, 1905.

FOR fifteen years the tariff reformers have been charging that manufactured goods were sold abroad at lower prices than at home. This was not only an outrage on the American consumer, but it destroyed the only foundation upon which the tariff rests as an economic proposition, and its champions do not dare to confess that it is a plain system of grab. At first the protectionists denied it; then they said there was only a very little to it, and now they are going to investigate the United States Steel Corporation to punish it for doing this very thing. Concerning this proposed investigation the Philadelphia Record says:

"The 'stand patters' are evidently not immovable, but what is it that has prodded them into this actual, though very moderate, progress? A quarrel among themselves. Last summer they sent a commission around the country to find excuses for granting public moneys to the owners of ships in order that these may spend the money with the builders of ships. Incidentally this commission found out more than it wanted to know. It found out that the Steel Corporation was selling ship plates to British builders for a good deal less than it would sell them to American builders for. The main purpose of the commission was to create business for the American shipbuilder, and this disclosure was a little more than it could stand. In its report the commission says:

"'When American steel mills, long and amply protected, sell material to foreign shipyards at eight or ten dollars below the price asked from American yards, these steel mills simply heap an unjust and intolerable burden upon an interest now well nigh prostrate.'

"As a mark of its displeasure at the sale of ship plates abroad cheaper than at home the party of protection will have the Steel Corporation investigated by Commissioner Garfield's bureau. It is to be ascertained whether, as a matter of fact, the Corporation controls the iron and steel industry of the country, and whether it is selling abroad cheaper than at home and this is the significant thing—whether it is violating the interstate commerce and the anti-trust laws."

THE PROCEEDINGS of the mass meeting of organized labor at the Opera House last Saturday night were in marked contrast to the turbulence and radicalism so manifest in some gatherings in other cities. The speakers were earnest in setting forth the principles of trade unionism, but avoided the use of language to which exceptions might have been taken. Representatives of the brain and brawn of the community were present, and the best of feeling prevailed throughout the meeting. One of the speakers voiced the truth when he exclaimed that the laboring element has no issue with capitalists, but with monopolists. This was a common-sense observation. Capitalists are as essential in keeping open the channels of trade as the artisan or the laborer. The man who risks his capital in a manufacturing plant is by no means an enemy of the working classes; on the contrary, their best friend. Should the venture prove a failure he will be the greatest loser. There never has been any good reason why both cannot go arm in arm and realize that what is for the good of one is equally for the welfare of the other. But amalgamations, monopolies and trusts, which absorb the smaller capitalists and manufacturers and become soleless corporations, regarding men as automata, naturally incur the hostility of their victims.

THE BEEF TRUST has just raised the wholesale price of meat in New York city one-half cent a pound and the people of that city are up in arms against the raise. Advance in the wholesale price of prime beef took effect Wednesday—the very day and very first hour of the blizzard. This advance in the wholesale price of beef is another characteristic trick of the packers' combine. It is simply an arbitrary charge, made by the "big four" without any reference to the supply or the demand. A dispatch from New York says:

Members of the beef trust are the only people who have sought to take advantage of the cold snap to wring extra tribute from consumers. Fish are not higher. Milk has not gone up, and butter, eggs, cheese, provisions of every kind—all remain unchanged in price. There is no famine in meat nor any prospect of any.

IN A STATEMENT issued last week, Dr. H. W. Wiley, chief of the Bureau of Chemistry, says that he has not denied the report of a previous interview to the effect that 85 per cent. of the whisky sold in this country was adulterated and that no delegation representing the Wholesale Liquor Dealers' Association has called on him, as reported. He repeats his former assertion regarding the adulteration of whisky, and makes this statement in order that he may not be misunderstood. But people will keep right on drinking whisky and apparently a small minority seem to care whether it is adulterated or not.

AFTER a deadlock of four weeks the Addicks faction succeeded in organizing the Delaware Senate Wednesday, the "regulars" giving in, they say, for the sake of party harmony. Mr. Addicks having broken the deadlock in his State Senate will now proceed to break into the United States Senate and when he gets there many of the republicans who for some time past have been denouncing him as a corruptionist, &c., will bow down and worship him.

THE WINTER of 1904-5 will go down in history as the winter of many snows.

From Washington.

[Correspondence of the Alexandria Gazette.]

Washington, D. C., Jan. 30.

The republicans of the House committee on interstate and foreign commerce, today, reached a tentative agreement relative to railroad rate legislation. The Hepburn bill was practically eliminated and the agreement adopts the Esch-Townsend bills, which were originally introduced as administration measures, with certain amendments. Under these bills, as amended, the Interstate Commerce Commission is given the power to fix a rate, where the rate is disputed, and a court of transportation is created, which will scrutinize all acts of the commission, which remain in force until reversed by the court. The court is to be composed of five members, appointed by the President from among the United States circuit judges, of which five additional will have to be appointed. The Interstate Commerce Commission is enlarged from five to seven members. The bill is to take effect thirty days after its passage. The democrats of the committee will be asked to ratify the action of the majority, and the disposition is to make it unanimous.

Mr. Rixey on Saturday introduced bills in the House, for the relief of the estate of Susan Richard, deceased, late of Orange county, Va., asking $840 for stores, supplies and property taken for the use of and used by the federal forces during the late civil war; for the relief of John S. Mann, and the estate of Lewis W. Mann, deceased, of Loudoun county, Va., asking $1276. for stores, supplies and property taken for the use and used by the federal forces during the late civil war. The bill granting a pension of $12 per month to Mrs. Sophia C. Hilleary, of Lovettsville, Loudoun county, has been signed by the President, and is now a law.

President Roosevelt received a pressing invitation to visit Newport News, Va., Saturday. Senators Daniel and Martin escorted a delegation from that city to the White House and introduced the members to the President. Mr. Roosevelt told them that he would be glad to visit Newport News when he makes his southern trip.

The Navy Department was officially informed by cable this morning from Panama of the death from yellow fever of Surgeon Otto L. Kohlahase, surgeon on board the cruiser Boston. He leaves a widow who lives in St. Louis.

Senator Patterson, of Colorado, made motion in the Supreme Court of the United States, today, for permission to file an application for a writ of habeas corpus for Thomas Shepardson and Chas. Miller, election judges in Denver, Colorado, now incarcerated there for contempt of the Supreme Court of the State in disobeying the injunctions by which the Colorado Supreme Court undertook control of the elections, and ballot counting. The habeas corpus is requested on the ground that the prisoners are held without due process of law.

Lorenz, convicted and sentenced to two years imprisonment and a $10,000 each for conspiracy to defraud the government in a deal of letter box fasteners to the Postoffice Department, was denied by the Supreme Court of the United States this morning. This deprives the defendants of their last chance of evading punishment in the courts, and they will now be sent to Moundsville, W. Va., penitentiary.

The United States Supreme Court today rendered a decision adverse to Swift & Co., and the other concerns in the beef trust in their appeal from the injunction of the federal court for the northern district of Illinois restraining their illegal combination to restrict competition in the purchase of live stock and in the sale of dressed beef. The sweeping injunction was affirmed with certain minor modifications to make it conform to the bill of the attorney general. The decision was unanimous. The judgment of the Supreme Court of the United States was "decree modified and affirmed." It was stated that so modified it restrains such combinations only to the extent of certain specified devices, which the defendants are alleged to have used and intend to continue to use.

RUSSIANS FORCED BACK.

Another of General Kuropatkin's reported victories has been turned into a Japanese triumph. In view of the latest news from the seat of war, it is now plainly apparent that the report of Russian successes, including the capture of the town of Sandepas and a turning movement to cut off Japanese communication with Yinkow were given out by the Russian War Office in the hope of diverting attention from the strikes and revolutionary movement.

Lieutenant General Sakharoff now reports that they were unable to capture Sandepas, being repelled by the Japanese redoubt of quick-firers.

General Mistchenko, commander of the Cossacks, has been wounded in the leg.

Japanese official advices say the Russians have been driven back across the Hun river, the Japanese pursuing them. The Japanese have also occupied Heikontai and surrounding positions and taken 500 officers and men prisoners.

Marshal Oyama reports that the Russian attacks on the Japanese right and center were immediately repulsed and that on the left the Japanese occupied Lintiako and forced the Russians to retreat.

The Japanese had to face a blizzard, but it appears that neither cold, wind, snow or the Russian fire had any terrors for them.

During the terrific bombardment along the entire line Friday and Saturday more guns were in action than in any previous engagement, and there was more artillery on both sides than in any former battle in history.

Prince Frederick's Condition.

Berlin, January, 30.—Prince Eitel Frederick is worse this morning. A hemorrhage of the right lung has set in accompanied by extreme exhaustion. The royal patient's pulse has decreased to 76. He is in intense pain, and is continuously struggling for breath.

SITUATION IN RUSSIA.

Residence of Governor of St. Petersburg Dynamited—Minor State of Siege Declared in Warsaw—Reported Liberation of Political Prisoners.

St. Petersburg, Jan. 30.—A dynamite bomb was today thrown at the residence of the Governor of St. Petersburg. The house was partially demolished. The Governor was absent at the time.

St. Petersburg, Jan. 30.—The most complete quiet since the troubles of January 22 prevails in the Russian capital today. Though tronble may yet occur in the provinces, no one expects any serious recurrence of the disturbances here, for the present, at least. Now that the disturbance seems to have been ended the government is attempting to fasten the blame on the liberals. The liberals, however, will hardly be blamed, as they are not generally connected with Father Gopon's organization. The government intends to foment a revulsion of feeling among the uneducated classes of the workmen by persistent tales of how the more intellectual classes led them into suffering with no chance of obtaining their desires. This, it is expected, will not only insure continued quiet at present, but will prove an obstacle in the way of arousing future trouble.

Despite the fact that no further trouble of any extent is anticipated, there is still an under current of uneasiness regarding the economic outlook. It was thought the majority of the workmen would return to work this morning, but this hope of the employers was not realized.

A dispatch from Riga, the scene of serious disorders last week, states that all has been quiet there for two days. All the theatres and colligeate establishments remain closed.

The Governor of Lodz Poland, has issued a proclamation to the workers, as have other towns, exhorting the men to resume work.

St. Petersburg, Jan. 30.—A minor state of siege was today declared at Warsaw, where the situation became most serious yesterday.

London, Jan. 30.—The Foreign Office confirms the report of an attack on the British consul, General Murray, and proconsul Muchukain by Cossacks at Warsaw. The Foreign Office says the officials were charged by cavalry who were clearing the streets. Consul General Murray, who suffers from partial deafness, probably did not hear the approach of the cavalry but afterwards tried to make his personality known. His protests were of no avail. Ambassador Hardinge, at St. Petersburg, has been instructed to make an urgent protest to the Czar's government against the indignity.

Warsaw, Poland, Jan. 30.—Most of the shops are closed today. The strikers are remaining quiet, but the authorities are fearful of the work of socialist agitators, who continue to circulate among the workmen.

St. Petersburg, Jan. 30.—Placards have been posted at Libau, signed by the Governor of the province, charging that British gold has fomented the strike. Similar placards have appeared at Moscow. British Ambassador Hardinge has protested to the Government against the placards.

St. Petersburg, Jan. 30.—It is reported the mob has burst open the prisons at Simperopol, in the Crimea, and at Reval, setting all political prisoners free.

St. Petersburg, Jan. 30.—The strike is collapsing in all directions. One hundred and ten thousand men returned to work in the capital, and nine of the biggest factories have resumed operation. Moscow and Poland are the only districts remaining within the dangerous zone.

It is reported that 200, persons were killed or wounded in the clash between the troops and workmen, at Warsaw yesterday. It was during this clash, while the troops were driving the workmen out of the streets, that the British consul and proconsul were wounded.

ASSASSINATION AND ANARCHY.

Prince Gurielly, an officer of the police guard at Batoum, in the Russian oil fields, while driving past the iron works, was shot and killed by an unknown man.

Warsaw is in a state of anarchy. The mobs have looted stores, and other buildings. Many persons have been killed or wounded in charges by the troops. The British vice consul was run down by drunken Hussars, who slashed him with their swords. The British consul general narrowly escaped. The Grand Duke Sergius, the head of the war party, and whom the liberals declare is Russia's evil genius, now has complete sway over the Czar and is placing the most extreme reactionaries like General Trepoff in high official positions. It was Sergius who had the troops shoot down the people at the gates of the palace. It was Sergius who had charges against the British government of aiding the strikers placarded in St. Petersburg, and it was Sergius who had the plan for an elected zemstvost council stricken from the recent imperial manifest.

The Holy Synod has issued an address to the orthodox clergy denouncing Father Gopon as "a criminal priest." Gopon is now supposed to be in Stockholm. He escaped through Finland.

The revolutionary movement continues to expand. In Poland the situation is critical, especially in Warsaw and Lodz. The labor troubles are extending through the manufacturing cities of southern Russia.

Several other Russian writers and poets, including Mme Prinenoff, an aged woman, and her daughter, have been thrown into prison.

Demonstrations in sympathy with the revolutionists took place in Italian cities. In Rome a mob of 3,000 trying to break through a cordon of troops guarding the capitol, was charged by cavalry and several persons wounded.

Deafness Cannot be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

WAR IN THE EAST.

Fearful Carnage—Three Thousand Japanese and Ten Thousand Russians Killed and Wounded—Kuropatkin Retires to the Northwest.

London, Jan. 30.—The Tokio correspondent of the Reuter Telegram Co. reports that the casualties in the fighting at Chenchiepau and Heikoutai, to the south of Mukden, last week, were: Japanese, 3,000 killed and wounded, Russians, 10,000 killed and wounded.

Tokio, Jan. 30.—Further official dispatches supplementing those received yesterday, state that the Russians chose the worst weather possible for their forward movement and attack on the Japanese. They relied on their knowledge of the ground to enable them to outflank the Japanese. The Russian artillery at the time the dispatches were filed, continued to bombard the Japanese left. General Kuropatkin's main force, which attacked Chenchiepau and Lintiako, have retired to the northwest.

St. Petersburg, Jan. 30.—It is rumored that sensational disclosures with reference to the surrender of Port Arthur will follow the arrival of General Stoessel here. It is stated that more than one message from the Czar to Stoessel was tampered with in transit, and at least two of these messages never left St. Petersburg. An inquiry, it is said, has produced hot recriminations among officials. It is understood high personages are implicated.

St. Petersburg, Jan. 30.—General Grippenberg in command of one of General Kuropatkin's divisions, reports that the Russians have occupied Santaitse. He confirms the reports that General Mitschenko has been wounded and adds that General Kondrotovich has also been wounded in battle.

The Oregon Short Line Case.

Washington, Jan. 30.—The application for a writ of certiorari made by Edward Harriman and Winslow Pierce, of the Oregon Short Line, for a revision by the U. S. Supreme Court of the decision of the Court of Appeals for the 3d district, holding that the Northern Securities was not obliged to return the indentical stock deposited in the original Northern Securities pool, was granted by the Supreme Court today. The effect of this decision is to throw into issue again the question whether or not the original acquisition of stock by the Northern Securities was legal, although the purpose of the corporation was later declared so illegal as to make necessary the dissolution of the company. In case the Supreme Court in the later proceedings to be taken under the writ of certiorari granted this morning, further supports Harriman's contention, J. Pierpont Morgan, James J. Hill and other backers of the Northern Securities Co., will not be permitted in the dissolution of the company to sell all the stocks held by it in the open market, and distribute the proceeds to the share holders, but will be forced to return the original stock to the orignal holders there of.

Bishop Talbot.

Reading, Pa., Jan. 30.—Bishop Talbot, of the Talbot-Irvine controversy fame, was in Reading for several hours today. He arrived here at 1:30 this morning from Philadelphia, registering at the Mansion House. After spending several hours in consultation with the local Episcopal clergy and P. R. Stetson, treasurer of the diocease, he left at 10:14 for his home in Bethlehem. A rumor was current that he had consulted the Reading people in regard to a new step to be taken by him in the Irvine matter, but this was denied absolutely by the clergymen and Mr. Stetson. They insisted that he had stopped in Reading only to discuss certain matters pertaining to the church.

Death of Judge Keiley.

Paris, Jan. 30.—Judge Keiley the American who was run over by a cab Saturday last, died at the hospital today. He was formerly Judge of the Appeals Court at Alexandria, Egypt.

[The above dispatch evidently refers to Hon. A. M. Keiley, of Virginia, who was appointed Minister to Italy in 1885 by ex-President Cleveland and later to Austria. His many friends and acquaintances in this country, especially in Virginia, will regret to hear of the fatal accident that has befallen him.]

The President at Annapolis.

Annapolis, Md., Jan. 30.—President Roosevelt presented the diplomas and prizes to the graduating midshipmen at Annapolis today, and made the sturdy young men an address full of wholesome advice. After the exercises at the armory the presidential party was entertained at luncheon by Captain Brownson. At 3 p. m. the President left for Philadelphia, where he will attend the banquet of the Union League Club.

Stabbed to Death.

Chicago, Jan. 30.—After being stabbed to death, shortly after 12 o'clock this morning, the body of John Schrannan, 22 years old, was placed on a pool table in Ruest Hall, in west Twelfth street. According to the police, Schrannan was attacked by two men at Desplaines and Bunker streets, while he was on his way to his home, from a wedding. His assailants then carried his body into Ruest Hall and left it there.

Sultan Ill.

Berlin, Jan. 30.—The Kleiner Journal reports that Sultan Adbul Hamid, of Turkey, is dangerously ill with inflamation of the muscles of the heart. In the event of his death, the paper says, the court clique intends that his younger brother, Rassid Bey, shall succeed him as sultan. Rassid Bey is a hopeless drunkard.

AFFAIRS IN SPAIN.

Narrow Escape of Royal Family—Anti-Russian Demonstration.

Madrid, Jan. 30.—King Alfonso, the queen mother, and other members of the royal family had a narrow escape from asphyxiation while dining in the palace on Thursday night. Fumes escaping from the heating apparatus partially overcame the royal dinners. The engineer has been arrested. The censor has refused to allow any telegrams regarding the incident to pass.

Madrid, Jan. 30.—A big demonstration against the Czar was held yesterday evening in front of the Russian consulate at Bilbao. The trouble caused the suspension of all concerts and other amusements in the city. The crowd was finally dispersed by gendarmes. A violent meeting, at which the Czar was anathematized, was held at Barcelona.

The Stock Market.

New York, Jan. 30.—A seven point fall in the price of Northern Securities on the curb this morning disounted the effect of the decision of the United States Supreme Court granting the Harriman interests a writ of certoriari for a revision of the decision of the Court of Appeals for the Third district, which held that the Northern Securities Company was not obliged to return the identical stock deposited in the pool.

When the news came from Washington, Northern Securities was selling for 148½, a decline from 155, the opening price. The stock held steady and suffered no further loss. An effort to take profits on Union Pacific, on the news favorable to the Harriman interests caused that stock to sell off two points.

The whole market was unsettled because the decision means a further prolongation of the fight between the Morgan-Hill interests and the Harrimans.

New York Stock Market.

New York, Jan. 30.—At the opening of the stock market today prices reflected a continuance of the bull furor with which speculation closed last week. Interest naturally centered in the stocks connected with the Northern Securities situation, and which led the buoyancy of Saturday. There was, however, heavy realizing at the higher level, and within a half hour, a sharp reaction set in. In the industrial list, there were general irregular setbacks. The undertone of the market exhibited decided stability.

Demonstrations in Italy.

Many meetings were held yesterday in the principal towns of Italy to protest against the alleged Russian cruelties. The more notable of these meetings were at Naples, Pisa, Ancona, Messina, Genoa, and Brindisi. At the last named place an attempt was made to pull down the Russian arms from the door of the consulate. In Rome, notwithstanding a prohibition by the government and a great display of troops, 5,000 of which had been brought in from the provinces to re-enforce the ordinary garrison, about 3,000 people assembled and tried to break through the cordon of troops and reach the capitol. There were cries of "Long live the Russian revolution!" and "Down with the autocracy and the Cossacks!" The troops, which included carbineers, infantry, cavalry, and artillery, charged the crowds several times. Being unable to force their way through to the capitol, the mob went to the Royal Palace, but were again dispersed, regathering in smaller number at the Russian Embassy, where they were finally scattered by more energetic cavalry charges. Several persons were wounded and many arrests were made.

Dead in Russian Bath.

Shut in the steamroom of a Russian bathhouse in Hester street, New York, two young men were scalded to death yesterday before their plight was realized by the attendants. Evidence that both had made frenzied efforts to attract attention was afforded by cuts and bruises on both the bodies, and by blood-stained scratches in the plaster of the walls, against which they had grouped in their efforts to find an outlet. The victims were Abraham Pasternak and Peter Ross. Abraham Stern, the proprietor of the bathhouse, and five of the attendants were arrested and held pending an investigation. From incoherent accounts the police gathered that Ross and Pasternak entered the bath Saturday night, and after being conducted into the steamroom, were left there, and were evidently forgotten until their bodies were found yesterday. There was a gas jet in the room, but it was unlighted, and in the darkness the men were unable to find the door.

Pilots Held Responsible.

In a decision handed down in the U. S. Court in Norfolk Saturday by Judge Waddill, the Virginia Pilot's Association, as an organization, and Pilot Franklin Guy, as an individual, are held liable for damages resulting from a collision between the schooner George Churchman and the steamship Santuit in Hampton Roads. The court's decision states that the collision and damage to the Churchman was caused by Pilot Guy's negligence. The owners of the Santuit, which rammed the schooner, sued the pilot and the pilots' association to pay damages which they had been compelled to pay the schooner. Judge Waddill's decision is said to be far-reaching in that it is the first decision adverse to the pilots in damage cases resulting from collisions while pilots were in charge of vessels.

McCUE.

Counsel for McCue say they have no idea of asking the Supreme Court of the United States to review his case, as they have no ground upon which to make the appeal. The execution of the condemned man is now practically certain to take place February 10th. McCue is transacting business in jail and talks freely to all callers, but not about the crime. The Charlottesville Progress says very few who knew McCue seem inclined to witness the execution but Sergeant Rogers has been besieged by students or their friends for admission to the jail yard on the final day. One and all have been refused.

Mr. Rogers says there will be present the newspaper men, a committee of twelve citizens, including a physician, as legal witnesses, and very few others. The scaffold has been completed. The other necessary appliances are there and everything is in readiness for the execution. Sergent Rogers positively refuses to tell the hour he has selected but it will doubtless be in the morning.

Fire in Portsmouth.

Fire which broke out between 1 and 2 o'clock yesterday morning did $35,000 damage in Portsmouth and for a time threatened a large section of the city.

Carroll Deans, a fireman, was hurt by a fall from a house. Captain Lyons, of the United States Marines, came to the assistance of the firefighters with two companies of marines, doing excellent work in arresting the fire. One of the marines was hurt by the fall of a piece of cornice. The buildings destroyed were: The Atlantic and Pacific Tea Store, High street; the New York Clothing Store, High street; Charles R. Nash's ice factory, Queen street; W. G. Maupin's ice factory, Queen street; six dwellings on Queen street, including a large two-story tenement; the four story Crawford House, corner Queen and Crawford streets, and the five-story furniture store of J. S. Crawford, on High street, caught fire and were damaged.

Suit Postponed.

New York, Jan. 30.—The suit against P. W. Duggan, who holds in trust $150,000 given him by Hanna Elias, the notorious negress, was postponed today until Wednesday. Pending decision in the suit brought by John R. Platt to recover nearly $700,000, which he alleges the negress extorted from him, a receiver was appointed for the Elias woman's property. In getting it together, the receiver found in necessary to bring suit against Duggan. This case was called today. Washington Brauns, counsel for Hanna Elias, presented an affidavit from a physician, which stated that the negress was suffering from nervous prostration, and was unable to give certain affidavits which counsel wished. Mrs. Elias, counsel said, was willing that Duggan should turn the money over to the receiver, but before doing so, it would be necessary for her to make a number of affidavits. Justice Leaventritt said he would grant the request, but would not consent to further delay.

Vossiche Zeitung today prints a mailed dispatch from Warsaw, dated noon, yesterday, which states that a battle between troops and rebels has occurred in the suburb Wola. The troops used artillery and hundreds of the workers were killed or wounded.

Do Not Suppress a Cough.

When you have a cough do not try to suppress it, but remove the cause. The cough is only a sympton of some disease, and the disease is what you should cure, then the cough will stop of itself. The most common cause of coughing is a cold. Anodynes will promptly suppress the cough, and preparations containing chloroform, opium, etc., are used for that purpose, but they do not cure the cold. Chamberlain's Cough Remedy on the other hand does not suppress the cough, but relieves it by removing from the throat and lungs the mucus which obstructed the breathing and allaying the irritation and tickling in the throat. It also opens the secretions and effectually and permanently cures the cold as well as the cough. For sale by Gibson & Timberman and W. F. Creighton & Co.

Letter to T. W. Robinson,

Alexandria, Virginia.

Dear Sir: Good yarn: How we got our agent at Delhi, N. Y.

Gladstone & Paine were agents for——; we mustn't tell names. We wanted 'em. Paine was painting his big Colonial house. Said it took 10 gallons of white for the trim.

We sent him 10 gallons and said: if you get it all on, no pay; if you have any left, return it and pay for the rest. Agreed.

He returned four gallons and took the agency. Four or five years ago. He knows now that his old paint was and is adulterated. That's why it took ten gallons to equal six of ours.

Go by the name; there is but one name to go by: Devoe lead-and-zinc.

Yours truly

IN MEMORIAM.

LEWIS GRAY, an aged colored man of the Arcturus neighborhood, Fairfax county, a few miles below this city, was found frozen to death on one of the mornings of the recent severe winter weather. He was living alone in a very crippled condition from rheumatism and an accident in his shop by which he was badly burned. On the day of the storm, being hungry, he ventured to a nearby house for something to eat, and on his way back to his cabin fell into a snow drift and perished. He was a skilled workman in wood and metals and for many years had been a very useful man in his neighborhood as a maker and repairer of farm conveniences. At the time of the the civil war he was living in Madison county and with the general exodus of the slaves from the South found his way with a union regiment to Alexandria. Until that time he was entirely illiterate, but under the instruction of some of the soldiers he learned to read and at once applied himself to the study of the Bible and continued it most faithfully through all his after years. His knowledge of the scriptures was profound, critical and intelligent, and he delighted most to talk of them in his intercourse with his friends. His religious belief was of the most liberal kind, broad and comprehensive in its scope and unbiased by any sectarian prejudice, and he used to say that the great need of the world now was the bringing back of the plain practical religion of Christ and his apostles. He had a clear and acute intellect, a ready wit and a judgment of things rarely met with in his race. Had he been early educated in the schools he would have been capable of making his mark in any of the professions, and a power for good and usefulness with Booker Washington and others among his people.

F. K. HIPPLE,

NOTICE OF ANNUAL MEETING.—The annual meeting of the stockholders of the WASHINGTON, ALEXANDRIA AND MOUNT VERNON RAILWAY COMPANY will be held at 3 o'clock p. m., TUESDAY, February 14, 1905, at the office of the company in Mount Vernon, Virginia.

jan30 td F. K. HIPPLE, Secretary.

Alexandria Gazette.

MONDAY EVENING, JAN. 30, 1905.

Local Matters.

Sun rises tomorrow at 7:08 and sets 5:19. High water at 4:04 a. m. and 4:30 p. m.

WEATHER PROBABILITIES.—For this section partly cloudy and colder tonight; minimum temperature about 10°. Tuesday fair, continued cold; light to fresh north to northwest winds.

Mass Meeting.

There was a mass meeting of the various trades unions of Alexandria at the Opera House Saturday night, which was largely attended and of interest to all present. The speakers were listened to with close attention, and nothing whatever occurred savoring of radicalism, the best of humor prevailing throughout. The hall was literally packed with representatives of all branches of industry, and the addresses were punctuated with hearty applause.

Early in the evening there were pyrotechnic displays in front of the hall, while music enlivened the scene. The committee having the affair in charge had extended invitations to a number of officials and representative citizens to seats on the stage, and most of them had accepted the same.

The meeting was called to order by Mr. M. S. Belk, President of the Alexandria Trades Council, when Mr. S. S. Stokeley invoked a blessing upon the gathering. Mr. Belk subsequently gave a succinct history of the growth of organized labor in Alexandria, in which he mentioned the fact that there were now nine chartered organizations in this city.

At the close of Mr. Belk's remarks he introduced Mr. P. J. Conlon, Vice President of the International Association of Mechanics, who delivered a most interesting speech on unionism and its objects, among other things saying the world has entered an age of combinations of both capital and labor, and that such amalgamations were necessary under present conditions.

Mr. H. W. Sherman, International Secretary of the Electrical Workers' Association, followed Mr. Conlon. His address was delivered in an earnest but conservative manner, and was heartily enjoyed by his hearers. His speech was interspersal with apt anecdotes and happy references, as well as a sprinkling of well-told stories. In closing the speaker said trades unionism stands for arbitration all the time.

Congressman Baker was the next speaker who ably discussed the labor question in most of its bearings. Among other things he said the laboring elements had never asked for their just dues, and their fight was not with capitalists, but with monopolists.

Congressman Swanson followed Mr. Baker. His address was brief, and in the course of his remarks he had the following to say concerning the fellow-servants' liability bill:

"There is now pending before the Congress, of which I am a member, a bill known as the employers' liability bill, which imposes upon the railroads and other employers of labor the same amount of liability as is carried by the bill that is now a law in the State of Virginia, and I want to tell you tonight that when that bill comes up on its passage I shall be one to vote for it."

Mr. James R. Caton, Delegate from this city and county in the Legislature, in response to repeated calls, made a short and appropriate address.

The meeting at a late hour adjourned.

Mayor F. J. Paff, ex-Mayor G. L. Simpson, Judge L. C. Barley, State Senator Lewis H. Machen, Mr. K. Keuper, Rev. W. J. Morton, Rev. Edgar Carpenter, Rev. J. H. S. Ewell, Mr. Charles Bendheim and others occupied seats on the stage.

Shot at Bread Thief.

About half-past five o'clock this morning, shortly after a baker had deposited bread in the box at Mr. Charles McKenney's store, southwest corner of Wolfe and Fairfax streets, a darkey, who had been lurking in the neighborhood, advanced, opened the box and took therefrom several loaves of bread and some buns. Officers Smith and Gill were in the neighborhood also and on the lookout for this class of thieves, and they advanced and ordered the negro to halt. He failed to obey the command and ran south on Fairfax streets with the officers following on a double-quick. The fugitive showing no disposition to stop, the officers discharged their pistols at him, but he dropped a bag in which he had placed his plunder and ran into Wilkes street, making his escape before the policemen could reach the intersection. The thief lost his cap in his flight. The discharge of the pistols awakened a number of persons who ran to windows to see what was going on. The prompt appearance of the officers and their efforts to capture bread thieves may in a measure stop the chronic annoyance.

Fires.

There were two fires yesterday morning—one at 1:30 o'clock and the other at 1:30.

The first was caused by the burning of a small frame house, occupied by Charles Keys, colored, on the west side of Pitt street, between Princess and Oronoco. The structure was practically destroyed and three houses adjoining it seriously damaged before the flames were subdued, although the department made a prompt response. The fire is said to have been caused by the explosion of a coal oil lamp.

The second alarm was caused by the discovery of a fire in the upper floor of the Young Men's Sodality Lyceum, caused by an overheated stove. The fire was soon extinguished. The damage will probably reach $100. The fire occurred at an inopportune time, as the valve of the main water pipe had frozen and burst rendering it impossible to obtain water from the plugs. The firemen, however, with extinguishers performed effective work, and soon subdued the flames.

Off the Track.

The tender of a switching engine ran off the track at the foot of Fourteenth street, Washington, about half-past five o'clock yesterday evening and interfered with the running of electric trains. Passengers were transferred around the obstruction, and in some cases they were more than an hour in making the trip between Washington and this city.

The electric and steam trains were running today without serious inconvenience. Most of the through trains, however, were more or less late.

Death of Mrs. Easter.

Mrs. Eugenia Alverda Easter, wife of the late Charles Ewing Easter, of Baltimore, died in Montreal, Can., Thursday. She had been ill at the home of her daughter for the past six months with Bright's disease, and for three months she was in a critical stage. Mrs. Easter for many years resided in Baltimore until last spring, when she removed to Montreal. She was about 60 years of age, and was the daughter of the late Thomas A. Waters, of this city. Before her marriage to Mr. Easter she was the widow of Mr. T. Anthony Brewis, a well known merchant of this city, who was killed by the fall of the gallery in the Capitol building in Richmond in 1870. Mrs. Easter was highly educated, and was prominent in Episcopal Church circles in Baltimore, being a member of Christ Protestant Episcopal Church. She is survived by two daughters (Mrs. Sophie MacNut and Mrs. Alverda May Tait), both of Montreal. The remains of Mrs. Easter will be interred in Baltimore.

A Chapter of Mishaps.

The British schooner King of Avon, loaded with fertilizer for the Alexandria Fertilizer and Chemical Works, sailed from Walton, Nova Scotia, October 29, 1904, for this port. When off the Virginia capes the vessel ran into a storm and was seriously damaged, her sails having been torn and the vessel otherwise crippled. She was blown out of her course and was compelled to run into Bermuda where she was repaired. She subsequently resumed her voyage toward her destination, but when off the Virginia capes the schooner was caught in a cyclone, her sails again torn and in a leaking condition she entered the port of Brunswick, Ga., for repairs. Her owners will purchase the cargo of fertilizer, and the vessel will not come to Alexandria. The King of Avon was but recently off the stocks and was making her first voyage when she left Nova Scotia for this city.

Police Court.

[Justice H. B. Caton presiding.]

The following cases were disposed of this morning:

Daniel Sims and William Hamilton, both colored, arrested by Officers Roberts and Allen for expectorating in electric cars, were fined $2.50 each.

Jack Beach and Augustus Wilkinson, arrested by Officers Knight and Arrington charged with fighting, were fined $2.50 each.

William Lomax, colored, arrested by Officer Bettis charged with disorderly conduct, was dismissed.

Henry Washington and Malachi Thomas, both colored, arrested by Officers Ferguson and Arrington on suspicion of stealing shoes from P. M. Bradshaw, were dismissed, but William Robinson, colored, suspected of complicity in the offense, had his case continued.

Corporation Court.

[Judge L. C. Barley presiding.]

Albert R. Dulany vs. William B. Dulany; chancery decree confirming report of John M. Johnson and appointing him special commissioner to convey property.

Empire State Realty Co. vs. John W. Beckley; decree directing J. M. Johnson, bonded commissioner, to pay direct to the infants in this cause the amounts due them.

Virginia S. Hite et al. vs. Virginia K. Wharton; decree confirming sale and appointing J. M. Johnson, commissioner.

J. Dreifus & Sons vs. A. H. Agnew, appeal from a justice; jury and verdict for plaintiff for $80.14.

Geo. A. Smith vs. Alexandria Shoe Co.; motion to appoint receiver; decree dismissing attachment and appointing Geo. B. Kennedy receiver.

The Amerigo Vespucci.

With the flag of Italy floating from her aft flagstaff, the Amerigo Vespucci, school ship of the Italian navy, arrived at Baltimore yesterday, where she will remain a week. This is the third time that the Vespucci has made a trip to this country. She visited Baltimore in 1893 and last January. She also visited Alexandria, Va., in 1898, where she remained for two weeks. While at this port the officers were entertained by the Italians of Washington and by a number of people of this city. After leaving Baltimore the Vespucci will sail to Boston, where she will remain several days. From Boston the ship will sail to London, thence to Italy, where the graduation exercises will be held in the spring.

The River.

The ice in the river extends below Blackistone's Island, and navigation by sailing vessels has been brought to a complete standstill. The Norfolk steamers keep a track open and so far have not missed a trip. The steamer Norfolk arrived up this morning about an hour behind time. The steamer encountered heavy ice after she entered the river. The steamer Estelle Randall is still running on the Glymont route, while iron tugboats continue to move up and down the river. The B. & O. transfer service is still maintained, although the work is accomplished slowly and with difficulty.

More Wintry Weather.

The weather was mild and fair during the early part of yesterday, but in the afternoon the temperature became raw and the heavens threatening. There was an average attendance at the various churches. The day throughout was quiet. Shortly after dark snow began to fall which continued throughout the night. Snow continued to fall until nearly noon, when the heavens became clear and the temperature milder.

Non-Committal.

President King, of the Washington, Alexandria and Mount Vernon Railway, was in Washington Saturday engaged in adjusting the sale of the stock. When asked, "Has the stock controlled by the Pennsylvania interests been disposed of, and has it been sold to other interests than the Capital Traction Company?" he replied that he had nothing to say. Manager Colvin, of the road, said: "I have no statement to make."

Property Sales.

Mr. G. L. Simpson has sold to Mr. Alexander Kaufmann a building and lot on the north side of King street west of Royal.

Mr. O. J. Nugent has sold to Mr. E. G. Atwell a house and lot on the north side of King street between Payne and West.

During the fire early yesterday morning a Hart nozzle was used on the Reliance hose and is said to have given satisfaction.

Personal.

Mrs. Caroline Kessler is quite sick at her home on north St. Asaph street.

Mr. Geo. K. Pickett, who has been quite sick at his home in Fairfax county, was reported to be better today.

Mr. and Mrs. Isaac Eichburg are entertaining their daughter, Mrs. Max J. Fay, for a few weeks

Mrs. Park Agnew, who has been confined to her home by illness for the past month, was thought to be slightly better today.

Miss Pearl Moore has resigned as substitute teacher in the public schools.

Lord Fairfax, who has been spending some time in America, and who recently visited his sister, at her home in Baltimore, sailed Saturday from New York for England, where for some time he has made his home.

Rev. George Summerville, of Falls Church, preached at Christ Church yesterday. Before the sermon he made an eloquent appeal for aid for the old, historic church of which he is rector and which is now sadly in need of repairs.

Funeral.

The funeral of the late Thomas Zimmerman took place from the residence on Duke street, near the Stone Bridge, yesterday afternoon. The services were conducted by Rev. Mr. Stump, and the pallbearers were Messrs. W. H. Cox, Richard Coleman, William Rogers, Charles Irvin and Chas. Watkins.

Robbery.

Mr. C. M. Griffin's second-hand store, northeast corner of King and Columbus streets, was broken open Saturday night and some clothing and other articles stolen. The thieves made an entrance from the King street door.

Electric Light Rentals.

The Washington, Alexandria and Mount Vernon Railway Company have made their report for three months ending December 31, 1904, of amount received by them from persons using electricity for power and incandescent lights. The amount is $215 38, of which the city receives $43.08, or 20 per cent. of the amount. The company report as receipts from power $30.32 and from lights $185.06. During this quarter little power is used for fans, and the receipts from lights was in October $48.33, November $56.88 and December $79.75. The total amount paid the railroad company during the year 1904 was $847.71—from fans, $452.06; incandescent lights, $395 65, of which the city received one-fifth, or twenty per cent, which amounted to $169.54.

LOCAL BREVITIES.

Shove, brother, shove—
Shove with care;
Shovel the snow from the thoroughfare.

The annual indoor athletic carnival of the high schools of Washington was held Saturday night. Of the visiting athletes the Episcopal High School, near this city, won a relay race.

The trackmen of the electric railway were kept at work all last night, cleaning the snow from the roadbed and by this means the trains on that road today were run almost on schedule time.

The water motors of the church organs of this city refused to work yesterday, and the old-fashioned method of filling the bellows with a hand-pump had to be resorted to. The trouble was caused by the freezing and bursting of a valve of the main pipe near the reservoir. The repairs were made as soon as possible.

Huxley on Darwin's Degree.

Huxley did not love degrees, but he had to have one. Anticipating the donning of the red gown he informed his friends that after the ceremony he would have to be treated as a person of respectability. "I have done my best to avoid that misfortune," said he, "but it's of no use." It was Oxford that paid him the compliment, as it had done to Darwin two years earlier. When Darwin was given the degree Huxley let him have no false idea as to the honor bestowed. "Canon Pusey," he declared, "has been making inquiry as to who are the blackest heretics on the list proposed. He was glad to assent in your case in order to keep out seven devils worse."

Near Side and Off Side.

When horses were first hitched to vehicles the driver never thought of riding himself, but walked by the side of the road as he held the lines. So as to have his right hand always ready he walked on the left side, and consequently the horse on the left side came to be known as the "near" horse, and the one on the right side was called the "off" horse. In that manner the terms "near horse" and "off horse" became general and still pertain to horses hitched as a team.

Reluctant to Give Up.

"Lend me $10, old man. I'm a little short."

"That won't help you any. You'll be just as short after getting the money."

"Nonsense, old chap! How do you make that out?"

"Why, after giving you the $10 I don't expect to see you any longer."—Cleveland Plain Dealer.

He Probably Took the Hint.

Young Tutter—Miss Clara, suppose that tomorrow evening I should call again and, having nerved myself up to it, suddenly, while we were conversing, I should without a word throw my arms around your neck and deliberately kiss you, what would you do? Miss Pinkley—Oh, Mr. Tutter, don't ask me to look so far ahead.

A Maddening Position.

The hardest thing a girl does is to refrain from asking a man a question that she knows will make him mad when she is just boiling with curiosity to know the answer.—Cincinnati Commercial Tribune.

Easy Remedy.

He—Here is your dressmaker's bill. She is becoming impatient for her money. She—Indeed. Then I must call tomorrow and order a new dress.

Unfair.

"I s'pose it's all right," said Mr. Newrich. "But it doesn't seem fair."

"What doesn't seem fair?"

"For Matilda to scold because I want to eat dinner in my shirt sleeves. I don't make any fuss about her party dresses, an' they haven't any sleeves at all."

Forgiveness.

Little five-year-old Edith was taken to a dentist, who removed an aching tooth. That evening at prayers her mother was surprised to hear her say, "Forgive us our debts as we forgive our dentists."

Brutally Tortured.

A case came to light that for persistent and unmerciful torture has perhaps never been equaled. Joe Golobick, of Colusa, Calif, writes: "For 15 years I endured insufferable pain from Rheumatism and nothing relieved me though I tried everything known. I came across Electric Bitters and it's the greatest medicine on earth for that trouble. A few bottles of it completely cured me." Just as good for Liver and Kidney troubles and general debility. Only 50c. Satisfaction guaranteed by E. S. Leadbeater & Sons, druggists.

Mr. Wm. S. Crane, of California, Md., suffered for years from rheumatism and lumbago. He was finally advised to try Chamberlain's Pain Balm, which he did and it effected a complete cure. This liniment is for sale by Gibson & Timberman and W. F. Creighton & Co.

All who use Atomizers in treating nasal catarrh will get the best result from Ely's Liquid Cream Balm. Price, including spraying tube, 75 cts. Sold by druggists or mailed by Ely Bros., 56 Warren St., N. Y.

New Orleans, Sept. 1, 1900.

Messrs. ELY BROS.:—I sold two bottles of your Liquid Cream Balm to a customer, Wm. Lamberton, 1415 Delachaise St., New Orleans; he has used the two bottles, giving him wonderful and most satisfactory results.

GEO. W. DUFF, Pharmacist.

No More Stomach Troubles.

All stomach trouble is removed by the use of Kodol Dyspepsia Cure. It gives the stomach perfect rest by digesting what you eat without the stomach's aid. The food builds up the body, the rest restores the stomach to health. You don't have to diet yourself when taking Kodol Dyspepsia Cure. J. D. Erskine, of Allenville, Mich., says, "I suffered Heartburn and Stomach trouble for some time. My sister-in-law has had the same trouble and was not able to eat for six weeks. She lived entirely on warm water. After taking two bottles of Kodol Dyspepsia Cure she was entirely cured. She now eats heartily and is in good health. I am glad to say Kodol gave me instant relief." Sold by all druggists.
